

## SEPTEMBER 2022 NEWSLETTER

### Completed: Shellharbour Administration Building

**bokor** recently completed a new service depot and office building for Shellharbour City Council. The building is split longitudinally into 2 volumes, with additional height to the southern volume allowing optimum outcomes to southern and northern volumes. High-light windows for the building were specified as a multicell polycarbonate cassette cladding system. The material palette offers a soft contrasting aesthetic to the workplace set in an industrial environment. The depot reinforces Council's commitment to creating modern, attractive and sustainable workplaces for their staff.

## Culture Kings Parramatta

The construction in Parramatta has started on another one of our Culture Kings store. We are proud to be working alongside Evolve Constructions and Van Weir Industries to create this project. Opening 19 of November see you there!

## Taree Bait Shed

Construction of a baiting facility for NSW Local Land Services has been completed. The facility includes the following: bait mixing, store & cold rooms, vet facility, multi-propose room, and driveway with port cohere for access and drop-off.
